## Certificate of Completion

Congratulations on completing the three modules comprising the Lethal Means Safety training program.

The program enhances healthcare staff knowledge & skills for:

1. Undertaking lethal means safety conversations in suicide interventions.
2. Techniques and approaches to lethal means safety counselling.
3. Key points of engagement to maximise opportunities for lethal means safety.
4. Confidence and capacity to increase safety through lethal means safety conversations.

A handwritten signature in black ink, appearing to read "Susan Murray", with a large, stylized flourish at the end.
